

# What can Let's Make This Move™ do for me?

## THE PROCESS

- 1 PLAN AND PREPARE:** This stage is often the most overlooked and yet it's the most critical to ensuring a smooth transition. Relocation is much easier when you make important decisions in advance. We listen carefully to your needs and outline a plan just for you and your family.
- 2 ORGANIZE AND DOWNSIZE:** Going through years of accumulated treasures and valued belongings can be very stressful for some people. We provide the guidance to help you choose what will serve you best in your new home.
- 3 GET MOVED!** We pack with unpacking in mind, using convenient and sturdy bins that reduce waste and save time. When we unpack, our goal is to create a comfortable home environment so that you can quickly settle in and enjoy your new community.

Let's Make This Move assists older adults and their families with the emotional and physical aspects of relocation. We understand that downsizing and moving is a difficult process, so we handle the logistics with skill and sensitivity, reducing stress for you and your family.

**PLAN:** Let's Make This Move eases your worries by arranging and scheduling all the details for your move. We then create a floor plan of your new home to help you choose the best fit for your favorite furniture and belongings.

**PURGE:** Rightsizing means considering your lifestyle needs. We know how hard it can be to decide what to take with you, so we help you with the sorting process. You choose how your extra items are distributed.

**PACK:** Rest assured your cherished belongings are professionally packed with great care. No need to feel anxious or overwhelmed, Let's Make This Move does all the busy work!

**MOVE:** On moving day we supervise the movers. Then we carefully unpack for you and organize your new home — we even make your bed, so all you have to do is relax and settle in!
